Time: 01 : 29 : 52

Select Group:

Question 1.

What is the difference between Free Electron Theory and Band Theory of solids?

Answer

The interface features a light brown background with a faint pencil and paper illustration. A dark grey bar at the top right contains a toggle switch for 'Live Support' and 'Offline'. The timer is displayed in a large, black, digital font. The question text is in a dark blue font, and the answer field is a simple white box with a thin border.

Students can see their result after admin evaluate and post marks
